

Bringing eDiscovery Excellence to Japan

Local Convenience, Global Reach

Your success is our goal. No matter the size or complexity of your project, Epiq is committed to supporting you with comprehensive legal support services to help you consistently achieve your eDiscovery objectives.

Global Expert

Epiq has been working closely with global law firms and corporations to solve eDiscovery challenges in Asia since 2008. As a global leader in providing best quality legal technology products and services for electronic discovery and document review, we tailor our approach to your unique needs—no matter the location, size or complexity of your project.

We can recommend and implement the most effective eDiscovery strategies for your business while maintaining the highest global and local security and confidentiality standards. Our project managers coordinate with our global teams to provide seamless, reliable, around-the-clock client support.

Local Partner

We are a truly local, full-service eDiscovery provider in Japan with local leaders and staff fluent in Japanese who possess expertise in local cultural, professional and regulatory practices.

Operating in Asia since 2008 and in Japan since 2012, Epiq is a global leader in providing fully integrated technology products and services for electronic discovery and document review, and offers best-quality eDiscovery services anywhere in the world.

 - Japanese International Cooperation Agency
 - Japan Securities and Exchange Surveillance Commission

Partnering with Epiq Gives You Total eDiscovery Confidence:

Seamless global reach, top-tier security and an experienced team ready to help you take on any size project anywhere in the world.

Epiq On-Site Solutions

On-site solutions ensure compliance with data security and privacy regulations and corporate security protocols, enabling you to process and review information on your own premises, behind your own firewalls. Epiq's on-site solutions allow you to conduct investigations or meet other critical needs wherever and whenever the need arises, and our document review services help you scale and utilize your human resources efficiently.
